EXCHANGE SPINDLES

FROM SPINDLE STOP TO SPINDELSHOP

EMERGENCY HOTLINE: +49 5625 9210 24

Dear ladies and gentlemen,

we always have **300 – 500 immediately available exchange spindles** in stock.

In an acute emergency it is thus ensured that we can finish your machine and production downtime within a few hours. Our **worldwide customer service** ensures that your spindle is mounted quickly and professionally in your machine.

On request, the installation and dismantling, start-up takes place at your site by our experienced technicians.

IMMEDIATE HELP WITH MACHINE DOWNTIME

When quick response is vital, an exchange spindle from our huge spindle-pool is the best choice. Our spindles are regularly reviewed and are ready to use.

Transport time to the operation site will be less than a day, so that your production can start as soon as possible. At our central warehouse we provide you with up to 500 exchange spindles of different brands. Give us a call and find out, if we have the right spindle for you instead of buying an expensive new item.

In this manner you save up to 60 percent compared to the price of a new spindle.
